FINISHING SCHOOL PROGRAMME

REPORT 2020-21

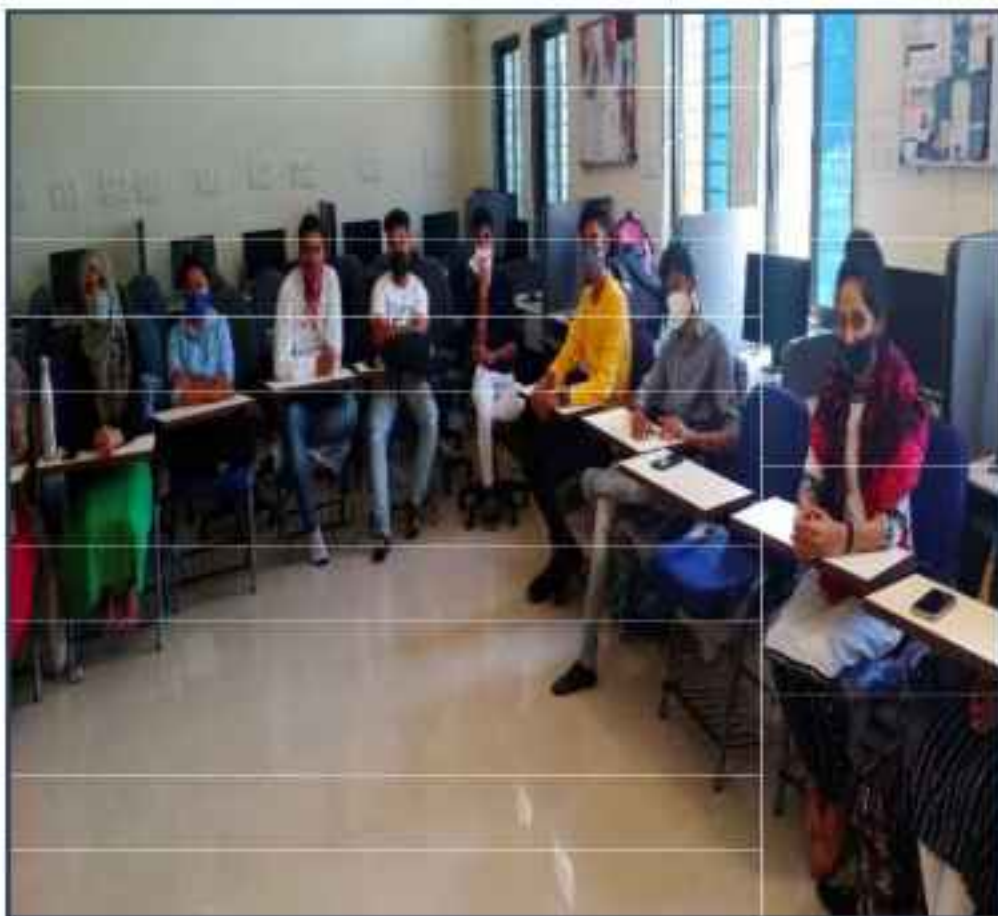

Finishing School aims to increase the employability quotient of the students. It was observed that students, though intelligent and technically sound, are unable to impress the industry when they come for recruitment. The main objective of the program is to prepare the students to face the challenges of the placement process and also equip them with skills required once they enter the corporate world. Master Trainers who have a vast experience of the corporate environment impart training to the final year students focusing on:

- **English & Communication** - Presentation skills, Email writing, CV writing, telephonic / skype interviews, Attitudes and behaviour, corporate culture and Etiquette
- **Personality Development** - Time and Stress management, Goal Setting, Negotiations and many more skill sets required in day to day operations. Eighty-hours (80 hours) module is designed at the end of which the student receives a certificate from the Education Department – Government of Gujarat. In 2020-21, more than 26 final year students trained under the guidance of Master Trainers
